

Research Volunteer Opportunity

Researchers at York University are recruiting participants to answer an online questionnaire to evaluate the effects of COVID-19 face masks and facial emotion perception in older adults with and without Parkinson's Disease.

Participant Requirements

- Access to a personal computer
- Over the age of 65
- Never been diagnosed with a neurodegenerative disease (other than Parkinson's Disease)
- Never been diagnosed with dementia
- Perfect (or lens corrected) vision

Interested in Participating?

Please complete an initial screening survey by clicking the image below:

Participants will be entered into a raffle for a \$50 Amazon Gift Card
