

## Understanding the Neural Activity of Dance as a Therapeutic Intervention for Parkinson's Disease

Dr. Jessica Grahn and Dr. Jeffrey Holmes

### **PARTICIPANTS WANTED!**

Western invites you to participate in a study looking at the impact of Dance for Parkinson's Disease on individuals living with Parkinson's disease and caregivers/family members of individuals with Parkinson's disease.

Participants will engage in a one-on-one semi-structured private interview about their experience in participating in a Dance for Parkinson's Disease program.

**You may be eligible if you have participated in a Dance for Parkinson's Disease program.**

Participation will involve a one-on-one semi-structured private interview lasting approximately one hour to an hour and a half. A follow up interview may also be requested.

For more information about this study, or to volunteer for this study, please contact:
