**PARTICIPANTS NEEDED FOR RESEARCH IN PHYSICAL REHABILITATION
FOLLOWING DIAGNOSIS OF A NEUROLOGICAL CONDITION**

We are looking for volunteers to take part in a survey looking to quantify the amount of time individuals with neurological conditions spend in physical rehabilitation in outpatient settings (ex: outside of the hospital). To participate, you must meet the following criteria:

Adults diagnosed with a neurological condition for a minimum of 1 year who live in Canada and are no longer in acute or inpatient care.
If you are interested and agree to participate you will be asked to complete a brief survey online.

The survey will be conducted online and can be accessed through the QR code below. It will take approximately 10 minutes to complete.
