

CRC Research

Project 17038 –Patients/Caregivers with Parkinson’s Disease

Assistance Request – 100.00 CAD per successful referral

Dear Parkinson Society Southwestern Ontario,

CRC Research, a Canadian market research company, is seeking patients aged 45 and over who have been diagnosed with Parkinson’s Disease and who have current and/or prior experience with the treatment VYALEV (subcutaneous foscarnidopa-foslevodopa infusion device) to participate in a market research study.

Findings and insights from this study will aid in better understanding the patient experience and improving the outcomes for those with Parkinson’s Disease who use subcutaneous foscarnidopa-foslevodopa infusion (VYALEV). Patients who participate will receive 137.50 CAD for 75 minutes of their time (15 minutes of set up, and a 60min 1:1 interview). Their involvement in the study will be confidential and anonymous. Caregivers who aid patients in a 60-minute interviews will receive an incentive of 110.00 CAD as well.

This is a great opportunity for patients and caregivers to provide their input regarding experiences with Parkinson’s Disease and subcutaneous foscarnidopa-foslevodopa infusion (VYALEV), we hope that you can assist in connecting us with them. If your organization/association refers a patient who will take part in this study, there will be a referral incentive of 100.00 CAD paid to you individually or you may choose to donate it to your association as a token of appreciation. Anyone interested in this project can contact us via the following ways:

- By email at eva@crcresearch.com
- By phone at 778-328-8875

If it’s easier, you may share the link with the patients and they can complete screening questions below in order to verify their eligibility:

Any help in passing on this information would be greatly appreciated! If you have any questions, please do not hesitate to contact us.

Thank you for your time! I look forward to your response.

Warm regards,

Eva Woo| Recruiting Manager
