

# MORE THAN YOU CAN SEE

As with many symptoms, not all may be experienced by an individual with Parkinson's, but as this iceberg illustrates there is often ***More Than You Can See***.

Tremor

Rigidity

Lack of facial expression

Akenesia/  
bradykinesia

Postural  
disturbance

Seen

Unseen

Constipation

Soft speech

Weakened  
throat muscles

Panic attacks

Loss of smell

Hypotension

Impulse control  
disorder and  
delusional behaviour

Sleep  
difficulties

Bladder  
dysfunction

Depression

Anxiety

Hallucinations

Excessive sweating

Erectile difficulties

Cognitive challenges
